UDOT to Postpone RFQ for \$2.6 Billion I-15 CORE Project; Dec. 2 Webinar Cancelled

SALT LAKE CITY (Nov. 24, 2008) – The Utah Department of Transportation (UDOT) is postponing its release of a request for proposals on the \$2.6 billion I-15 CORE project slated for Dec. 3. In addition, the industry outreach Webinar that was scheduled for Dec. 2 is also postponed.

Due to decreasing revenues, UDOT announced on Nov. 20 that it was putting on hold a number of projects not yet under contract. I-15 CORE was identified as one of those projects.

For future updates on the I-15 CORE project, visit www.I15CORE.utah.gov.
